Annual Review of Yale College Programs of Study 2026-2027

Dear DUS,

This week you will receive CourseLeaf notification that your major, program or certificate description, as it appears in the *Yale College Programs of Study*, is ready for annual review. The CourseLeaf email notification you receive contains a link to your [DUS queue](#) where you will find your YCPS pages.

This is your opportunity to revise and clarify all information currently appearing on your pages for the 2026-2027 *Yale College Programs of Study*. While the Overview page requires your review, it is also important for you to look at the Summary of Requirements, First year and Faculty pages, as well as Concentration, Certificate, and Roadmap pages if you have them. You do not need to look at the Courses section.

Your review, with or without changes, is due by **March 2, 2026**. This is an important task because after YCPS publishes in April 2026 only the Faculty section can be updated.

If you intend to make changes to your major, those changes must be submitted to [David Francis](#), Secretary for the Committee on Majors, by **Friday, December 19**.

Contact [Beth Baumgartel](#) if you have any questions or wish to review the editing process. A brief [YCPS editing tutorial](#) is provided.

Sincerely,

University Registrar's Office
